

## Assignment-002

## Deliverables

Find the route to **Bucharest** from **Arad** (Figure 3.2), for BFS and DFS ignore the path cost.

1. Use Breadth First Search to find the route.
2. Use Depth First Search to find the route.

**Tip :** Keep the State Space tree level upto 5, do not repeat same path twice.

## Submit Format

Please submit assignment as printed hard copy.
